The issuing surcharge or transfer fee to third parties is not reimbursable or endorsable.

General Information :

Your passage is personal and non-transferable. If your name is spelled wrong, it will be allowed to correct it without any charge, as long as it does not change your personal character. If it is necessary to make the correction of the name in an international ticket that involves another airline company, the cost of the correction will be charged. For more information contact our Call Center.

- To facilitate your flight, **Advance Check-In** is available through our website or smartphone app from 72 hours prior to the departure of your flight.
- On the day of the flight, plan to arrive at the airport 2 hours prior to departure for domestic flights and 4 hours before international flights.
- You must show up to board up to 60 minutes before your flight departure time on international travel. And in national travel the advance is up to 30 minutes before the flight times, but if your national flight departs from the airports of Guarulhos (GRU), Congonhas (CGH), Galeão (GIG), Santos Dumont (SDU) and Brasília (BSB), the advance is 40 minutes.
- Remember to take your identification document, either your original identity card or a notarized copy, with you for domestic travel inside Brazil. For South American countries, you will need to present your original document or your passport for travel to other countries.
- If your flight is operated by a partner airline, you will need to check in at the respective airline counter.

If you have opted for advance check-in through our website, smartphone app or self-service terminal, and you will not dispatch any luggage, you can go directly to the security inspection area. If you need to dispatch luggage, go to the exclusive baggage counter. When boarding, use the same document you used when you checked in.

You may take a small carry-on bag of up to 10 kg on domestic and international flights. If your baggage surpasses this weight limit, you will be charged for excess baggage. For further information on our baggage transportation policy, go to [our website](#).

Transport of either checked or carry-on baggage containing certain dangerous items, such as aerosol sprays, fireworks, and flammable liquids is prohibited aboard the aircraft.

If you are on a return domestic flight and you are unable to take the outbound flight, notify the channel through which you purchased your airfare (LATAM website, travel agencies, LATAM Travel) until the time of departure, so that we can keep your return flight active. If you fail to do so, your return flight will be automatically canceled; to reactivate it, you will be charged a rebooking fee, and possibly a difference in the airfare.

When your flight involves a connection with a change of airport, you will be responsible for transportation between the two airports. Check the distance between the two and ensure that you will have enough time to claim your dispatched baggage and take it with you and organize transportation between the two airports in advance (taxi, bus, etc.).

In our Airfare Profile Section, you can find more information about the rules pertaining to your airfare. For more information on the status of your flight with us, access the [Flight Status](#) option.

This fare may contain flight time restrictions. Please contact the LATAM Call Center or your travel agent for further details.
Stopovers.

Modify your trip, whenever you need and if your fare type allows, on [our site](#), [Fidelidade Sales and Customer Support Center](#), or in our stores.

To make changes to your trip a rescheduling fee is charged, and if the price of the new flight is greater than the price you paid, the difference in fare will also be charged.
